2018 Race Draw & Progression

Explanation of 500-Metre Tournament Race Progression

Lane Allocation

Lane allocation and order of crews was determined by applying a random number sequence generator to the remaining teams. Those numbers were then broken down again to randomly assign crews to their individual heats. For more information on random number generator sequences, go to <https://www.random.org/sequences/>

Scoring & Progression

Each crew's finishing place in Heat 1 will determine their race number and lane for Heat 2. For information on lane allocation and progression, please see race progression chart for details on how it works.

Points will be awarded for race placement in Heats 1 and 2 as follows:

- 1st = 7 points
- 2nd = 5 points
- 3rd = 4 points
- 4th = 3 points
- 5th = 2 points, and
- 6th place (Open Men only) = 1 point.

Crews will be ranked in order of points tallied from their results in Heats 1 and 2:

WOMEN'S

- Top 6 ranked crews will go directly to the Women's Cup final;

MEN'S

- Top 6 ranked crews will go directly to the Open Men's Cup final;

MIXED

- Top 6 ranked crews will go directly to the Mixed Premier Cup final;
- Crews ranked 7th to 12th will go directly to the Mixed Premier Plate final;
- Crews ranked 13th to 18th will go to Mixed Premier Bowl final;

If teams are tied for points:

- Points in the second heat will be given greater weight;
- If there is still a tie: time from the second race will determine crews' ranking.
